Experience

Stakeholder Communications Officer

January 2025 to July 2025

KENYATTA INTERNATIONAL CONVENTION CENTER

Mandate: Appointed to strengthen stakeholder communication and coordination across internal departments and external partners supporting institutional projects and marketing initiatives, with responsibility for structured communication planning, feedback management, and cross functional alignment.

Key Achievements

- **Built structured stakeholder communication frameworks** including weekly reports, stakeholder forums, follow up emails, and feedback logs, improving information flow across 6 internal departments and multiple external partners.
- **Implemented consistent reporting and follow up processes** that enhanced transparency and accountability for ongoing projects and stakeholder engagements.
- **Coordinated cross departmental communication** between Project Management, Finance, Procurement, Operations, and Marketing to support timely delivery, budget alignment, and consistent messaging.
- **Designed and delivered stakeholder briefs and communication materials** that improved project visibility and supported institutional marketing initiatives.
- **Consolidated stakeholder feedback into actionable communication reports**, enabling leadership to address concerns and adjust engagement approaches in real time.
- **Resolved recurring information gaps by standardizing communication schedules** and documentation, reducing missed updates and conflicting messages across teams.

Project Coordinator Assistant Construction Management

April 2023 to December 2024

KENYATTA NATIONAL HOSPITAL

Mandate: Appointed to support delivery of active hospital construction and renovation projects by coordinating contractors, consultants, and hospital stakeholders while maintaining schedules, safety, and operational continuity within a live healthcare environment.

Key Achievements

- **Coordinated on site construction activities** by aligning schedules, approvals, and information flow between contractors, consultants, and hospital administration across multiple work fronts.

- **Developed and maintained detailed project schedules** using Microsoft Project, tracking milestones and dependencies to support timely construction delivery.
- **Monitored project timelines and flagged risks or delays** to management, enabling early corrective action and minimizing disruption to hospital operations.
- **Facilitated procurement coordination and material tracking** to prevent site delays and maintain workflow continuity in constrained hospital spaces.
- **Prepared and circulated project progress reports**, site meeting minutes, and compliance documentation for internal leadership and external consultants.
- **Supported safety, quality, and regulatory compliance** through site inspections, documentation, and coordination within an active hospital construction environment.

Customer Service Volunteer TUMAINI FOUNDATION

April 2022 to September 2022

Mandate: Appointed to support community program delivery by managing client inquiries, coordinating outreach activities, and strengthening service documentation and feedback collection.

Key Achievements

- **Resolved over 150 client inquiries and complaints** across phone, email, and in-person channels, ensuring clear guidance and consistent service delivery that reduced repeated follow-ups.
- **Collected and analyzed feedback from more than 200 community participants**, producing actionable insights that informed program adjustments and improved engagement.
- **Coordinated logistics for 5 community outreach events**, enabling timely execution, smooth participant flow, and positive stakeholder experience.
- **Compiled and delivered detailed service reports** and CRM records, enhancing transparency and supporting program decision-making for management.
- **Collaborated with Sales, Operations, and Technical teams** to escalate and resolve complex customer issues, minimizing service disruption and strengthening user confidence.
- **Maintained accurate interaction logs and organized records**, improving accessibility of participant data for ongoing program activities and reporting.

Education

Diploma in Project Management The Nairobi National Polytechnic	2026
Certification in Risk Management New York Institute of Finance	2025
