PROFESSIONAL SUMMARY

Compassionate and community-oriented healthcare professional with training in HIV Testing Services, patient counselling, and community-based rehabilitation. Experienced in clinical and outreach settings supporting patient education, health screening, and multidisciplinary care delivery. Skilled in patient communication, infection prevention, and data-informed health interventions. Passionate about advancing sexual and reproductive health, promoting health equity, and supporting vulnerable populations through evidence-based programs aligned with NGO and public health initiatives.

EDUCATION

Diploma in Orthopaedic Technology – Kenya Medical Training College (KMTTC) | 2022 – 2025

Kenya Certificate of Secondary Education (KCSE) – Our Lady of Mercy Secondary School | 2017 – 2020

Kenya Certificate of Primary Education (KCPE) – World Hope Academy | 2006 – 2016

RELEVANT EXPERIENCE

HIV Testing Services Attachment – Nairobi Remand and Allocation Maximum Security Prison | June 2025

- Provided pre- and post-test HIV counselling following national and LVCT guidelines.
- Conducted confidential risk assessments and supported clients with risk-reduction strategies.
- Performed HIV testing using the national 3-tier testing algorithm.
- Promoted health education and linkage to care services within a vulnerable population setting.

Healthcare Intern – Association for the Physically Disabled of Kenya (APDK), Nairobi | Sep – Dec 2024

- Conducted patient assessments and supported community-based rehabilitation programs.
- Participated in outreach activities focused on improving quality of life and accessibility to care.
- Collaborated with multidisciplinary teams to deliver patient-centered services.
- Educated patients and caregivers on mobility, self-care, and health maintenance practices.

Clinical Intern – The Nairobi West Hospital | Sep – Dec 2023

- Assisted healthcare teams in patient care, wound management, and infection prevention.
- Supported patient evaluations and clinical documentation in busy hospital settings.
- Strengthened patient communication and care coordination skills.

CERTIFICATIONS
